IntraRail

2025 Network Changes

a feline holdings company

New Service Numbers & Colors

IntraRail services have been renumbered under a new route number scheme, similar to the one used by IntraBus. Each series of route numbers includes routes of a certain general length and type.

Services are now color coded for their service type, rather than the color corridors system IntraRail adopted in 2022.

Services are still labeled with both a number and a name, as in our old system.

Our services are now numbered and colored as such:

1-99 - InterCity Primary

Flagship, high ridership, long to super long distance intercity services on primary trunk corridors.

1	Color: light cyan (local services)
1X	Color: pink (express services)

101-199 - InterCity

Medium to long distance intercity services.

101	Color: light cyan (local services)
101X	Color: pink (express services)

201-299 - Regional

Short to medium distance regional services.

201 Color: red

301-399 - Urban

Short distance services within one city or amalgam of cities.

301 Color: light green

401-499 - Special

Special services, including both temporary and permanent services that serve a special purpose atypical of the rest of our network design.

401 Color: gold

501-599 - MCR

Services operated by MCR

501 Color: blue

Find Your New Line

Trying to find your line on our new system? See the table below to help find your new line.

Old Service	Replaced By
1 Whiteliner	101 Whiteliner Zaquar to Totsworth 104 Wizard Service to Deadbush

New Service Routes

All of our services have received new numbers under our new route system.

Some service routes are unchanged from their old versions, while some make different stops than before, and some new services have been added.

On the following pages are a list of every service in our new route network, what services they correspond to in our old system, and where they stop.

Continues on next page.

1 Spruce Regional

old designation: 6 Spruce Regional

6 Old Route

- Whitechapel Border (x)
- West Calbar Downtown (x)
- Amestris Washington Street (x)
- Laclede Airport Plaza
- Laclede Central
- Christi
- Cornus Central
- Mons Pratus Transportation Hub
- Ashmore
- Spruce Neck
- Central City Beltway Terminal North
- Westburg-CC Beltway Terminal South
- Sealane Central
- UCWT Int'l Airport East
- Segville International Airport
- Siletz Salvador Station

1 New Route

- BirchView Central (+)
- Bakersville Grand Central (+)
- Belvadere (+)
- Lanark Central (+)

Afterward

Thank you for your patience during our network redesign. All our new services are up and running, our updated rolling stock is fully rolled out, and station signage has been updated to our modern standard systemwide.

See our wiki page at any time for full service details at felineholdings.com/IntraRail.

We hope you enjoy riding on our new network, and thank you for riding IntraRail!
